HOW TO GET A CHILD CARE LICENSE

BEFORE YOU MAY OPEN A CHILD CARE FACILITY, YOU MUST HAVE A TEMPORARY LICENSE.

Please note that the licensing process may take **90 days or longer** to complete. In addition, you **may not** begin operation before you receive a temporary license.

DO YOU NEED A LICENSE?

A license is required if you care for six or more children less than thirteen years of age, for any part of the twenty-four-hour day, who are not related (children, grandchildren, great-grandchildren, brothers/sisters, nieces/nephews) to you. This includes day care centers, day nurseries, and any other facilities that fall within the scope of the above description. The exemptions to the licensing law are listed below.

To obtain a license application packet contact Cassie Hillhouse at cassie.hillhouse@msdh.ms.gov or call 601-364-2827. To download a copy of the *Regulations Governing the Licensure of Child Care Facilities* or a copy of the *Regulations Governing the Licensure of Child Care Facilities For 12 Or Fewer Children In The Operator's Home* go to the MSDH website at www.HealthyMs.com. In the "Licensure" or "Regulation" sections of the website under "Child Care & Youth Camps" or "Child Care Facilities" areas, you will find a list of documents concerning child care in Mississippi including the regulations.

ALERT IMPORTANT INFORMATION **ALERT**

Because of new FEDERAL REGULATIONS, drop side baby cribs will no longer be allowed in licensed child care facilities after December 28, 2012.

If you are opening a new facility and plan to take care of infants and toddlers, all baby cribs in your facility must meet the new **FEDERAL REGULATIONS**, i.e., use of **DROP SIDE** cribs will no longer be allowed in child care facilities.

All full size cribs must meet Federal Regulation 16 CFR 1219. All non-full size cribs must meet Federal Regulation 16 CFR 1220. When purchasing cribs make sure you get documentation verifying that the cribs you are buying meet one of these new federal regulations. You will need to keep this documentation in your facility records.

The MSDH Child Care Licensure Division recommends that when buying cribs that you purchase “commercial grade” cribs.

If you currently have drop side baby cribs in your facility you will have to replace them before **December 28, 2012**.

Please contact this office at 601-364-2827 before you purchase any baby cribs.

Child Care Providers Your Guide to New Crib Standards

Beginning **December 28, 2012**, any crib provided by child care facilities and family child care homes must meet new and improved federal safety standards. The new standards take effect for manufacturers, retailers, importers and distributors on **June 28, 2011**, addressing deadly hazards previously seen with traditional drop-side rails, requiring more durable hardware and parts and mandating more rigorous testing.

What you should know...

- This is more than a drop side issue. Immobilizing your current crib will not make it compliant.
- You cannot determine compliance by looking at the product.
- The new standards apply to all full-size and non full-size cribs including wood, metal and stackable cribs.
- If you purchase a crib prior to the June 28, 2011 effective date and you are unsure it meets the new federal standard, CPSC recommends that you verify the crib meets the standard by asking for proof.
 - Ask the manufacturer, retailer, importer or distributor to show a Certificate of Compliance. The document must:
 - Describe the product
 - Give name, full mailing address and telephone number for importer or domestic manufacturer
 - Identify the rule for which it complies (16 CFR 1219 or 1220)
 - Give name, full mailing address, email address and telephone number for the records keeper and location of testing lab
 - Give date and location of manufacture and testing
 - The crib must also have a label attached with the date of manufacture

What you should do...

- All child care facilities, family child care homes, and places of public accommodation:
 - Must prepare to replace their current cribs with new, compliant cribs before December 28, 2012.
 - Should not resell, donate or give away a crib that does not meet the new crib standards.
- Dispose of older, noncompliant cribs in a manner that the cribs cannot be reassembled and used.
- Noncompliant cribs should not be resold through online auction sites or donated to local thrift stores. CPSC recommends disassembling the crib before discarding it.
